**Detailed Action**  
Restriction

1. Restriction to one of the following inventions is required under

35 U.S.C. 121:

I. Claims 1-7, drawn to a stowable seat assembly, classified in Class 296,  
Subclass 65.01.

II. Claims 8-11, drawn to a stowable, classified in Class 296, Subclass  
65.09.

2. The inventions are distinct each from the other because of the following  
reasons: Inventions II and I are related as combination and subcombination.

Inventions in this relationship are distinct if it can be shown that (1) the  
combination as claimed does not require the particulars of the subcombination as  
claimed for patentability, and (2) that the subcombination has utility by itself or in  
other combinations (MPEP § 806.05(c)). In the instant case, the combination I as  
claimed does not require the particulars of a support of subcombination II. The  
subcombination has a utility in other combinations such as a panel support.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. A telephone call was made for the Attorney/Agent responsible for this application to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be

accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

7. Any inquiry concerning this communication or earlier communications should be directed to Primary Examiner Kiran B. Patel whose telephone number is 703-305-0254. The examiner can normally be reached on M-F from 8:00 to 5:00. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
